## \$30,000 COUNTY FAIR FUNDS FOR PREMIUMS ONLY

Board Issues Statement To Correct False Impression Which Has Gained Circulation In County; All Directors Join In Clarifying Financial Set-Up

"The \$30,000 in prize money which has been set up by the County Board of Supervisors can only be spent for this purpose, and the Board of Directors of the El Dorado County Fair must present to the county auditor a receipt of all moneys received from each and every exhibitor. This money can be used for absolutely no other purpose."

This statement is officially made by the Board of Directors of the El Dorado County Fair Association, in order to allay suspicions and fears that have been generated unwittingly.

"Naturally, to operate a fair of the size of the project for this year, a considerable expense is involved," the statement continues. "This expense will be met by entry fees, by donations, by admission incomes and other sundry incomes. No individual member of the Board of Directors will profit by one penny in the entire operation of the fair. Any profits that may be made by the Fair Association will be used by the El Dorado Post of the American Legion which is the legal agent of the Board of Supervisors for expenses of construction and operation of the Fair. The surplus, if any, may be used by the Fair Association and any deficit must be paid by El Dorado Post. No. 119.

"This Board of Directors feels that the people of El Dorado County knowing the record of the El Dorado Post, No. 119, of the American Legion, knowing its program of community service and care of disabled veterans, knowing the type of men who compose its membership can have the utmost confidence in the integrity of this organization.

"The Board is immensely pleased operation that has been given us to and flattered by the wholehearted co-operation, by the confidence that has been shown us despite our inexperience."

(Continued on Page 3)

## Buying Wave Hits Stocks

Early Trading Tuesday Points To Recovery Of Monday Losses

NEW YORK (UP)—Strong buying came into the stock market today and prices recouped some of the severe losses of the first two hours, when liquidation was the heaviest since 1929.

Under pressure of overnight liquidation, sales in the first hour totaled 2,210,000 shares. This was at the rate of 11,050,000 shares for a full session.

Tickers ran as much as 15 minutes late. Brokers' wires were jammed with selling orders from the outset as necessary liquidation followed the break yesterday. Some \$25,000,000 had been erased from market values since August 14, up to the opening today.

"CONSPIRACY CHARGED"

CHICAGO (UP)—Rep. A. J. Sabath, D., Ill., today charged that Wall Street is in a conspiracy "to break the market and punish the President" and urged President Roosevelt to take "strong measures . . . to frustrate their diabolical plan."

In a telegram to the President, Sabath said "even inflation should be used to frustrate their destructive plans."

## Volunteer Firemen To Meet At Georgetown

The quarterly meeting of the Placerville El Dorado County Volunteer Firemen's Association will be held at Georgetown this (Tuesday) evening. President Bart Arundel, of Placerville, will preside with the members of the Georgetown Volunteer Fire Department as hosts.

Ray Pyle, the "Pyle" of Pyle & Van's, has joined the staff of the C. S. Collins county Studebaker automobile agency. Commerce.

## Pear Recipes Wanted For County Fair

A special class has been planned for the County Fair for the display of any product using pears, and a special list of prizes in this class was announced Tuesday by W. R. Wilkinson, chairman of the fruit exhibits.

"We want pear recipes and we want to develop a diversified use for pears," Wilkinson explained. "Therefore we are offering special prizes in this class. First award will be \$25, second award \$20, third \$15, fourth \$10 and fifth \$5. Any article in which pears are used may be entered."

"The only restriction is that the recipe must accompany the article. The recipes will be published after the fair in a booklet."

## Winter Sports Display Urged

Ski Club Asked To Take Lead In Arranging Booth For County Fair; Chamber Aids

Placerville Ski Club will be asked to arrange for a booth to display the county's winter sports attractions at the county fair, to be held November 5, 6 and 7, according to action taken at the October meeting of the County Chamber of Commerce, held Monday night at Pacific House.

The meeting convened at an 8 o'clock dinner with twenty-six in attendance and was devoted chiefly to winter sports with the chamber, in making its request to the Ski Club, offering its assistance in providing togs and paraphernalia through county dealers, if ski club members will arrange for an attendant to be at the booth.

The secretary's report called attention to the radio program of "Scattergood Baines," which will be heard at 7:59 p. m. on Thursday evening, October 21, on the Columbia chain, and will be devoted to El Dorado County. Mention was made also of the observance of Navy Day on October 27.

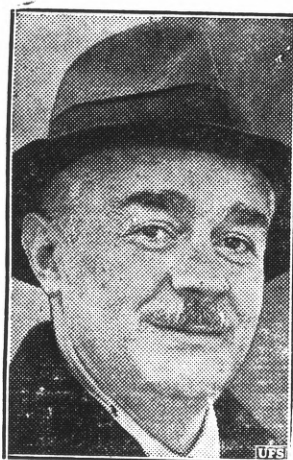

Secretary Ripley reported on efforts to have the road to Lake Tahoe kept open during the winter and reported no assurance of success at this time although final decision is pending.

A motion to continue the two large signs erected last spring in the valley, near Sacramento, and to change the message on them to boost winter sports was carried with the provision that they would be continued if they can be financed.

Other business included arranging for bulletins to be issued on road and snow conditions in the winter sports area during the season, on the basis of information to be supplied by Floyd Poole, of Pacific House.

Mr. Poole said this service was the greatest service which the chamber could perform for resort operators during the winter season.

The meeting adjourned to view several reels of motion pictures on winter sports, supplied by the winter sports committee of the state Chamber of Commerce.

AIRMAN — Colonel Dr. Antoni Fiumel, chief of the Polish Military Aero Medical Service, as he arrived in New York to attend the aero medical conference. He also will study health services at various American airports.

## PEAR PROGRAM COMPLETED

U. S. Co-Operates With Growers In 3 States To Move Winter Varieties

A diversion program to broaden the market and to increase consumption of fall and winter pears produced in the States of Oregon, Washington and California through the development of new export and domestic markets has been announced by the Agricultural Adjustment Administration.

The program will operate through an agreement between the Secretary of Agriculture and the Oregon-Washington-California Pear League Inc., an association organized by the producers and shippers of this fruit to conduct the program for the industry. Production of winter pears in the three states represents 97 per cent of the total U. S. production of all such pears and the 1937 crop is expected to be the largest produced. During the past five years, Oregon has grown 37 per cent, California 32 per cent, and Washington 31 per cent of the fall and winter pear production in this area.

The program is based upon the four major varieties of winter pears grown on the Pacific Coast, which are Bosc, D'Anjou, Hardy and Winter Nelis. In accordance with the agreement between the Secretary and the Pear League, benefit payments amounting to 50 cents per box will be paid on surplus fruit shipped into certain designated foreign markets. The program also contemplates expansion of distribution in certain domestic areas where the per capita consumption of such pears has been low.

Benefit payments will be limited to pears equal to or better than U. S. No. 1 grade with an additional tolerance of 10 per cent allowed for certain defects.

The agreement applying to the 1937 crop continues a program of a similar character which was begun in 1936 and resulted in a substantial increase in the per capita consumption of pears in the States to which diversion was made.

## Mrs. Agnes Rupley Asks Trial By Jury

Mrs. Agnes Rupley, charged with speeding, told Police Judge E. E. Creed Tuesday morning that she is willing to plead guilty to any reasonable charge but that she demands a jury trial on a charge of speeding.

She was cited Saturday by City Traffic officer D. W. LeBourveau, on Sacramento Hill.

The jury trial was set for November at 10 a. m.

Dr. and Mrs. W. A. Rantz are reported as having started northward on a vacation of a "week or ten days."

## FALL FOLIAGE NEVER MORE BEAUTIFUL

Visitors Come From Valley Points To "Discover" Autumn Grandeur

Man may build bridges across San Francisco Bay and control the floods of the Colorado River with Boulder Dam, but "Dame Nature" is still the supreme artist.

Beauties of the autumn foliage through the American River Canyon are luring scores of visitors to the section from the Sacramento Valley and other central California points, it was revealed Tuesday by Eldorado Forest headquarters.

"The coloring is truly beautiful," said Forest Supervisor Edwin F. Smith. "It is more beautiful than it has been for ten years."

"The impression prevails that this coloring is the result of freezing weather, but this is erroneous," he continued. "The coloring results from a combination of light rainfall and cool weather. If we had freezing weather, we would have a coloring, but it takes the combination of moderate rains and cool weather to bring out the colors in exceptional beauty."

On the basis of reports from Ranger M. D. Morris, of Pacific district, Mr. Smith suggested that the colors are seen at their best from three o'clock to four o'clock on the afternoon of a bright, clear day.

The forest tapestries extend from Observation Point to Strawberry resort.

## Program Given For Institute

Three-Day Meeting Opening November 22 Will Stress International Relations

The program for the Northern California Institute of the California Teachers' Association at Sacramento, November 22, 23, and 24 is nearing completion under the direction of C. K. Price of Orland, president; and Mrs. Portia F. Moss, of Auburn, secretary.

Dr. Bruce Baxter, president of Willamette University, Salem, Oregon, opens the Monday program with an address on "Horace Mann." He is given first place on the program because of the Horace Mann centennial observance.

International relations are stressed in the program. Dr. Baxter will be followed by Mrs. Preston-Stanley Vaughn, member of parliament of New South Wales, Australia, who speaks on the subject "American-British cooperation, the A-B-C of World Peace."

Dr. Michael Demiashevich of Nashville, Tennessee, is on the second day of the program. He speaks on "New Concepts of Education in Europe." He was educated in Russia, and had extensive experience in Germany, France, and England before coming to the United States.

"Has Asia Gone Mad?" will be the topic of an address on the third day of the institute by Dr. Elam J. Anderson of Linfield College, McMinnville, Oregon. Dr. Anderson recently returned from a trip to the Orient, where he was a former member of the faculty of the University of Shanghai.

Other speakers include Dr. Walter Dexter, state superintendent of public instruction, Mrs. B. C. Clarke, state president of the Congress of Parent and Teachers' Association, and Roy Cloud, executive secretary of the California Teachers Association.

The musical program will include the appearance of the A Capella Choirs of Chico State College, and the Placer Junior College.

Three thousand teachers are expected to attend.

Henry Adams, fire lookout at Look-out mountain, for the forest service, is reported as being up and about following a major operation performed several days ago at Sacramento.

INJURED—Sir Oswald Mosley, British Fascist leader, severely injured when stoned at Liverpool, England, as he prepared to make a speech. A crowd of 10,000, mostly hostile, attacked him.

## SAFETY IN AIR U. S. OBJECTIVE

Government Sponsors Dual Program To End Crashes Over Mountain Areas

By C. L. SULZBERGER

WASHINGTON, (UP)—The Federal Government is working on a dual program to increase the immediate safety of airline flights over the Rocky Mountains and to conceive a long-range method of insuring safe air voyages over the continental divide.

The immediate objective, it was learned, is development of technical aids to prevent such accidents as the fatal United Airliner crash which cost 19 lives in the Wyoming mountains yesterday.

The long range program was understood to concern government cooperation with private transport lines to study the possibilities of sub-stratosphere flights which would have the triple virtues of speeding plane schedules, lessening the amount of time over danger areas, and giving pilots a longer range in which to glide to the safety of landing fields when trouble develops.

## GEORGETOWN NATIVE OF 1864 LAID AT REST ON TUESDAY

The funeral services for Amelio A. Forni, 73, who was found dead Sunday at his home near Georgetown, were held on Tuesday afternoon at Georgetown. Memory Chapel was in charge and Rev. John Dunlop conducted the service.

Mr. Forni was the brother of Mrs. Charles Swift, of Latrobe, who now remains the last member of a distinguished pioneer family.

The son of the late Mr. and Mrs. Sam Forni, deceased was born near Georgetown May 6, 1864, and had resided there throughout his life, engaging in ranching. He had never married.

He was known to have been in ill health for some time and it is believed that while he was out of the house he made up his mind to go to the house to get something and, instead of going through the door, had attempted to reach through his bedroom window. The position in which his body was found by Ed Cheek indicated he probably had passed away from the exertion of reaching through the window.

Coroner A. J. Orell said there will be no inquest but that he will make a formal investigation.

Mr. Forni is survived in addition to the sister, by a number of nieces and nephews. He was held in high esteem by a legion of lifelong friends throughout the county, who will share with those dear to him the sorrow of his passing.

## VICTIMS DIED INSTANTLY

Ship Smashed Into Mountain At 10,000 Feet Hurling Occupants Into Snow

KNIGHT, Wyo., (UP)—All 19 persons aboard a United Airlines transport plane were killed instantly when the huge airliner crashed into the side of a peak in the rugged Uinta Mountains, Ralph Johnson, United pilot, reported today after he had made the hazardous trip to the scene of the wreckage.

Eighteen bodies were thrown through a hole torn in the front of the pilot's cockpit. They were scattered for 100 feet out in front of the plane.

All were buried in snow, with only arms and legs sticking out.

One body was found in the cockpit. The plane was badly smashed but it was largely in one piece, Johnson said. The motors were torn loose and lay in the snow ahead of the fuselage.

The airliner crashed just 100 feet below a "saddle" in the mountain ridge which marks the starting point of a small creek.

The plane struck so hard that eleven seats—all well fastened to the floor of the cabin—were torn loose and followed the occupants out the front of the plane. Practically everything movable in the cabin went out the hole in the nose.

Members of the party said that had the plane been flying only about 300 feet to the right it would have gone through a notch in the ridge and cleared the mountain range.

Snow was so deep in the wild mountain country that Johnson's searching party was unable to proceed even at the rate of one mile an hour.

Searchers were able to get within three miles of the wreckage by automobile, but it was a long, difficult climb from the end of the road to the 10,000 foot level where the crash occurred.

## Two Food Shows For Fair

Katherine Kitchen Invited To Be Judge; Mrs. Amonsens Has Accepted Appointment

Mrs. Jane Amonsens, who has had charge of the women's displays in the state fair for several years, has accepted an appointment as a judge of the Placerville Food Show and the El Dorado County Food Show, which will be held during the coming county fair, it was announced Tuesday.

The Placerville Food Show will be held November 5 and the El Dorado County Food Show on November 6.

In addition, invitation has been extended to Katharine Kitchen, well-known home economics expert, to be one of the judges.

If Miss Kitchen accepts, she will make her daily radio broadcast from Placerville by remote control.

Mrs. Fieler, of the Branch College of Agriculture at Davis, has also consented to be a judge.

Fair officials report that arrangements for the County Food Show are being developed by the women of the Grange and the Farm Bureau while the Placerville Food Show is being arranged under the supervision of Mrs. Charles Schaeppel, Mrs. Florence Eskew and Mrs. Martin Luther, representing the women of the Federated Church. Interested exhibitors should contact these sources.

The high school home economics department, directed by Miss Irene Anderson, is arranging a display, and there will be a special Food Show for 4-H club members and county school pupils, who will compete in their own class for prizes.

## Meal Tip—Steam Pudding Just Suits Fall Appetites

By JUDITH WILSON

APETITES are keen at this season for the good things of the table. Hearty desserts replace the delicate frothy ones of the summer and none adds such a festive air to the table as steamed pudding.

**BREAKFAST**  
 Melon Cup  
 Toasted Wheat Biscuits with Butter and Brown Sugar  
 Soft Scrambled Eggs  
 Coffee

**DINNER**  
 Beef and Kidney Stew  
 Buttered Peas  
 Mixed Green Salad  
 Hunter's Pudding with Foamy Sauce  
 Coffee

But for all their elegance, steamed puddings are no more expensive than the most ordinary dessert. Try one of the following when you are eager to please the man of the house:

**HUNTER'S PUDDING**  
 1 1/2 cups sifted cake flour  
 1/4 teaspoon soda  
 1/4 teaspoon ginger  
 1/4 teaspoon nutmeg  
 1 teaspoon cinnamon  
 1/2 teaspoon cloves  
 1/2 teaspoon salt  
 1/2 cup suet, finely chopped  
 1 cup seedless raisins  
 1/2 cup dark molasses

1/2 cup sour milk  
 1 egg, well-beaten  
 Sift together the flour, soda, salt and spices. Add the chopped suet and raisins and mix well. Add the molasses, sour milk and egg and beat thoroughly. Turn into individual molds that have been well-greased. If you do not have them, use baking powder cans. Fill about 2/3 full, cover tightly and steam the pudding about 2 1/2 hours. Slightly less for individual molds. Serve hot with foamy sauce. This will make about 10 servings.

**SPICY APPLE SOUFFLE**  
 1/3 cup quick-cooking tapioca  
 1/4 cup sugar  
 1/2 teaspoon salt  
 2 cups milk  
 2 tablespoons butter  
 1/4 teaspoon cinnamon  
 1 1/2 tablespoons lemon juice  
 1 cup grated raw apple  
 3 egg yolks, beaten until thick  
 3 egg whites, beaten stiff  
 Combine the first 4 ingredients in the top of the double boiler. Place over rapidly boiling water and cook 10 minutes, stirring frequently. Remove from the fire, add the butter, spices, lemon juice and apple. Cool slightly, then add the egg yolks beaten until lemon-colored. Mix well. Fold in the well-beaten egg whites. Turn into a greased hot-dish, then place in a pan of hot water. Bake in a moderate oven for 1 hour or until the souffle is firm. Serve hot with whipped cream.

## "LEFT HAND DRIVE" ORIGINATED IN ANCIENT TIMES

Turning the pages of history back into the dusty past an explanation as to why Americans drive on the right while Englishmen keep to the left side of the road has come to the attention of the California State Automobile Association.

It appears that the English custom of driving to the left originated back in the days when lone horsemen rode about armed to the teeth. In those days every stranger was a potential enemy and the rider would slide over to the left in order to keep his sword or pistol arm on the side next to the stranger.

Later, drivers of coaches and wagons sat on the right side in order to have the right arm free for wielding the whip, and accordingly passed to the left of approaching vehicles as it was easier when sitting on that side to avoid wheel entanglements on the narrow roads and streets.

However, on the Continent, in France, Germany and Italy, the postilion system was used for both coaches and wagons and the driver rode on the left wheel horse. Accordingly, vehicles passed to the right. Today, there are different practices in different nations and occasionally on crossing a national border it is necessary to cross from one side of the highway to the other.

In America, drivers of the old Con-horse postilion-style and consequently stage wagons rode the left wheel and drove to the right.

Your Singer man, David Perkins, will be in town several days. Call Mary Perschke, 241. Oiling & minor adj. free. SINGER SEWING MACHINE CO.

**HOTEL Harvey M. Toy**

**MANX**

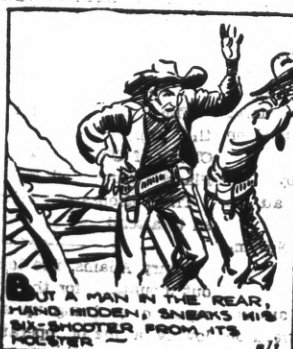

**\$2.00 TO \$3.00**

**SAN FRANCISCO**

**"MEET ME AT THE MANX" ON FAMOUS POWELL STREET**

## BRONCHO BILL

A Sneaked Shot

## By Harry F. O'Neill

## This &amp; That

By The Tattletale

While they aren't exactly fads, safety posters are popular and have proven valuable when it comes to slowing down drivers—they even go so far as to make SOME drivers think.

San Jose has large billboards at the main approaches to the city which tell the number of deaths due to auto accidents that have occurred in the city the present year. Other cities have such signs as "Drive slowly—We love our children" and "Drive with care—Death is so permanent."

Though we haven't the exact figures we do know that the number of auto accidents in the United States last year came to around 1,000,000 and California, with more cars than any other state, certainly has her share. San Francisco so far this year has had 93 deaths due to auto accidents. An interesting fact is that most accidents occur in the daytime, on straight, dry roads, and are caused by men (the average age is twenty-seven) driving fairly good cars.

Here is a worthy project for some service group—why not erect a sign either above or below Placerville with the slogan "Drive slow—Let Death take a holiday today." Who knows it might help.

Behind the news of the squabble in Palestine lies an interesting story—and one important to every person interested in world affairs.

The beginnings of the story are told by that master story teller, T. E. Lawrence (Lawrence of Arabia) in his mighty book "Seven Pillars of Wisdom." Here he tells how the British, in order to gain Arab support, promised them, in the event of an allied victory, they would become independent in the greater part of the Arab provinces. Though the Arabs were not united before the war, they soon joined forces and with the aid of men like Lawrence of the British army, waged a revolt and thus occupied many Turkish troops that would otherwise be fighting with Germany. This was in 1915. Then in 1917 the British, in the Balfour declaration, promised to establish a national home for the Jewish people and set about to facilitate the same. The top of all this, the government kept a little piece of Palestine for itself on the Mediterranean, just in case there should be a little trouble some day (and incidentally to settle the question of who should own Jerusalem).

Well, the Jewish people began developing the land—then a few more came in and set up business—then Hitler drove thousands out of Germany and some of those proceeded to settle there. Finally the Arabs began to get mad and are still that way, as the foreign dispatches tell us. An interesting place, that Mediterranean Sea, though we shall reserve judgment in the rumor that Mussolini is fomenting trouble now.

If you haven't read "Seven Pillars of Wisdom" take our tip—it's on the shelves of the county library.

Things we never knew 'till today: Russia is the best customer of U. S. war materials—having recently placed an order for \$10,000,000 worth of ship parts to be assembled over there. Garbo's highly satirized feet are only 7 1/2 (not that anyone cares). Americans in some cities prefer "double bills" at their movies. (Is this true of Placerville?)

Woodrow Wilson, the most scholarly man that ever sat in the White House, could neither read nor write until he was eleven years old. There are no unemployed in Germany—but one-third of the entire output of the great Saar basin is GIVEN to the citizens who are too poor to buy fuel. More rice is consumed in the world than any other product. (What did you expect—with 400,000,000 Chinese?) The San Mateo Bridge is built of oyster shell cement (Now if they could only find a use for those old razor blades!) Doctors three hundred years ago bounced up and down on their patient's stomach to cure stomach ache. (WOW)

## Swain's Revenge Costs \$36 In Court

STERLING, Conn. (UP)—It cost Michael Novak \$36.50 for revenge upon a rival for the hand of a local girl. Police said Novak placed dirt and pebbles in the gasoline tank of George Roper, while the latter's car was parked outside the home of the young lady.

To Judge Noble Symington, it was a case of tampering with a motor vehicle. He fined Novak \$25 and costs of \$11.50 and imposed a 30-day jail sentence, suspended. Roper's father, Paul, said it took him a day and a half to put the car in running order.

## Pants Patch At \$7.50 Offsets Jail Term

SYRACUSE, N. Y. (UP)—Larry Malloy, 49, of Syracuse, owes Patrolman William Miller \$7.50 to patch a 12-inch rip in the seat of the policeman's trousers.

If he pays it, a 30-day jail sentence for intoxication will be suspended.

The trousers were ripped when the patrolman was pushed off a porch as he was arresting Malloy.

Mills Orchards in the Sacramento Valley have over 400 men at work harvesting prunes.

## HAWAII COMMISSION GETS STATEMENT OPPOSING ISLAND STATEHOOD

SAN FRANCISCO, — In opposition to the granting of statehood to the Territory of Hawaii, the Native Sons of the Golden West has dispatched to the Congressional Commission for Investigation of the Hawaiian Statehood Question, now in session at Honolulu, a document setting forth reasons and facts why it would be dangerous to make the Territory of Hawaii a sovereign state at this time or the near future.

The document sent by "clipper" mail to the commission contained facts which it is claimed were overlooked or ignored by the House Committee on Territories when it made a similar investigation in 1933 at Honolulu. El-dred L. Meyer, Grand President of the Native Sons of the Golden West and John T. Regan, Grand Secretary signed the document.

Jack Fox, Elmira, has proved that Ladino clover will grow successfully in So. Co. County.

Ralph Dunham, Woodland, is president of the new Yolo County Sugar Beet Association.

## \$30,000 Given For Premiums

(Continued from Page 1)  
ience in the matter of conducting a fair. While mistakes may be made this year they will only be mistakes of inexperience and not of intent. We welcome at all times the honest cooperation and sincere feeling of any and all citizens of our county in the operation of this Fair."

The statement was issued by George E. Faugsted, chairman, with the consent and approval of the fair directorate and officers: Dr. L. B. Rantz, vice chairman; A. C. Winkelman, C. S. Collins, Earl Chesmore, Arnold Weber, M. E. Raber, W. R. Wilkinson, F. Norman Celio, and Henry S. Lyon, attorney, and L. J. Anderson, secretary-manager.

## COMMUNISTS EXPECTED TO CALL CONGRESS TO FILL VACANCIES

MOSCOW, (UP)—A congress of the Communist Party is expected to be called this winter to fill out the ranks of its all-powerful Central Committee, decimated during recent months by arrests, executions and natural deaths.

Subsidiary party organizations throughout the Soviet Union have recently conducted elections for the first time under secret ballot, resulting in approximately a 40 per cent turnover in leadership.

These elections are a natural prelude to a party congress, which although supposed to be held every two years has not been held since February, 1934. That was the 17th congress, and took place nearly four years after the 16th, in July, 1930.

While there was a 40 per cent change in leadership of minor organizations, observers do not expect that percentage to hold true in the higher organs. Even if all remaining members are re-elected, however, there will be an 18 per cent change in the group which in actuality rules the Soviet Union, through were replacement of already dead or disgraced members of the committee.

## 3-MAN PAROLE BOARD GIVES CONVICTS "NEW DEAL"

By HARRIS COATES  
United Press Staff Correspondent  
JACKSON, Mich., (UP)—Inmates of the world's second largest prison, the state prison of southern Michigan near here, received a "new deal" with the establishment of a new three-day member parole board, Warden Joel Moore believes.

There are 4,226 inmates confined here in a penal institution second in population only to that at San Quentin, Calif., which has a smaller plant.

"Our inmates had their own blacklist of attorneys who over-sold their ability to win releases for them under the former system," Moore said, "but this is all a thing of the past under our new corrections law. No applications for parole can be made by either prisoners or by their attorneys, but cases will be considered automatically upon expiration of their minimum sentence."

Moore said the new three-member parole board, supplanting the former single commissioner who recommended to the governor, was the chief item of interest to prisoners in the new law passed by the 1937 Michigan legislature. The board started operation the middle of August.

Gordon H. Fernald, of the regional forest office, was on Eldorado Forest Tuesday with C. C. Herbert, road superintendent, on road inspection.

## Recorder's Filings

October 16, 1937  
Redemption, State of California to The California Door Co., assessed to California Door Co.  
Redemption, State of California to The California Door Co., assessed to California Door Co.  
Deed, F. H. Foss and Harriett S. Foss his wife, to Walton H. Ward.  
Notice of non-liability, by Estate of J. C. Blackwell.

October 17, 1937  
Chattel mortgage, Edward S. Miller, to Equipment Company.  
Quitclaim deed, Ralph Penn and Cora H. Penn, husband and wife, to Ethel Hawks.

Trust deed, Robert M. Wales, as trustor to Inter-County Title Co., as trustee for Lizzie K. Schmitt, beneficiary.

Deed of Easement, Horace Gilbert Dunn and Emma J. Dunn, his wife, and James K. Pierson and Laura I. Pierson, his wife, to Angus A. McKinnon and Catherine M. McKinnon, his wife.

Deed, Roy C. Bishop, a single man, to Angus A. McKinnon and Catherine M. McKinnon, his wife, in joint tenancy.

Release of abstract of judgment, R. H. Bullock, plff., to Peggy Keller, aka Margaret Keller, and J. E. Keller, deft.

Mrs. Ronald Giffen and son, Richard, were visitors Tuesday from the Shingle Springs section.

## GARDENIAS IN RAINBOW HUES DEVELOPED BY SCIENCE

By OTTO JANSSEN  
United Press Staff Correspondent  
COLUMBUS, G., (UP)—What is believed to be the first successful attempt to color gardenias artificially has been announced by Charles Bancroft, Ohio State University graduate student in floriculture.

Through the use of aniline dyes and various commercial inks, Bancroft has produced gardenias of yellow, emerald green, purple and red. The cut flowers are simply placed in a jar containing the coloring and within an hour the hues begin to show in the petals. Within 12 hours the flowers absorb their maximum of coloring.

Bancroft, who came to Ohio State about a year ago from McGill University, Montreal, on a fellowship, hit upon coloring by accident.

He was conducting experiments to determine the best way to preserve cut flowers. One night he left some gardenias in a colored liquid and the following day he found the flowers had absorbed the color.

## NECKLACE BAGGED

LINDSAY, (UP)—George Dennis and Bob Eddy, Lindsay youths, has "good hunting" with the opening of the 1937 dove season. While cleaning their catch a gold necklace was discovered in the craw of one of the doves. The 14-inch necklace was in good condition.

### SCOUT CAMPAIGN ENDS WITH \$635.25 AS TOTAL

El Dorado County has contributed \$635.25 in cash to the support of Boy Scout activities during the current year.

Announcing this figure Tuesday noon, John H. Palmer, chairman of the finance campaign, declared the drive is closed.

Some pledges of support have been made which will be turned over to the area council office, he said.

Mr. Palmer expressed his own thanks and the thanks of the El Dorado County Boy Scout executive committee for the hearty support given the Boy Scout work by the people of the county.

"A word of thanks is also due those who worked in the campaign," he declared. "As chairman of the campaign I certainly appreciate the work put forward by the campaign workers. To them I extend my thanks, and I am sure the county committee is appreciative of their work."

### Dr. Long's License To Practice Revoked

SACRAMENTO. (UP) — The state Board of Medical Examiners today revoked Dr. Claude C. Long's license to practice. Dr. Long's attorney endeavored to persuade the board to postpone their decision pending a ruling on Dr. Long's conviction of manslaughter in the death of Mrs. Genevieve Arganbright, now pending on appeal.

The board held that sufficient evidence has been produced to show Dr. Long guilty of performing an illegal operation and ruled his license be revoked.

The operation in question was the nucleus of the charges upon which Dr. Long was convicted in Mrs. Arganbright's death.

#### ATTENTION HOUSEWIVES

Will those who wish to enter cooked foods, jellies, jams, etc., in the Placerville Food Show at the coming county fair, please communicate with the undersigned who are the committee in charge for the display? Mrs. Charles Schaeppi, Mrs. Frank Eskew, Mrs. Martin Luther. 1903tc.

### BACK HOME AGAIN

By Ed Dodd

### Children To See Doll House On Thursday

Under arrangements perfected by the American Legion Auxiliary, 150 pupils of the sixth, seventh and eighth school will go to Sacramento Thursday morning to see the Colleen Moore "doll house," on display there.

The pupils will make the trip in private cars, escorted by the county highway patrol.

Cars for approximately 100 pupils have been obtained and any who will provide a car and driver for the occasion should telephone Mrs. B. E. Larson, the Legion auxiliary president.

### Webber Creek School May Be Sold

School Superintendent E. J. Fitzgerald reports that the matter of the sale of the plant of the Webber Creek school probably will come before the November meeting of the Board of Supervisors.

Mr. Fitzgerald said the district was suspended for two years and was declared lapsed by the board at their September meeting. Under the law, the Board is authorized to advertise the building for sale.

Control of Austrian Field Cress is being attempted through intensive cultivation in Modoc County.

### Placerville, Power House At Same Elevation

According to County School Superintendent E. J. Fitzgerald, the elevation of the El Dorado power house, below the forebay, is the same as the elevation of Placerville.

Mr. Fitzgerald made the discovery Monday when he visited Wildwood School, at the power house. The school has an enrollment of nine. Pollock Pines school, which the superintendent also visited, has an enrollment of sixty.

Louis Arnes spent Monday at Carson City and Woodford, attending to the business of his district for the Shell Oil Company.

### Freight Rate Hearing To Be Resumed Nov. 8

Hearings will be resumed before the railroad commission at Sacramento on November 8, in the proposed freight rates increase affecting Placerville and other Northern California communities.

This is according to word received by secretary W. M. Ripley from the Sacramento Chamber of Commerce. The proposed increases are being opposed by shippers who see in the boost a probable great penalty upon the great number of those who ship in less than car lots.

### Postmaster Scherrer Operated Upon

We learn that Postmaster Joseph Scherrer was operated upon at St. Luke's hospital Tuesday morning. Mrs. Scherrer is at the bedside and plans to remain in San Francisco during Mr. Scherrer's convalescence.

Mr. Scherrer has not been well for some time and it is hoped that the operation, performed by a specialist with Dr. A. A. McKinnon in consultation, may result in restoring his health.

We join in many friends in wishing Mr. Scherrer a speedy recovery.

### Endeavorers To Rally At Church Tonight

Christian Endeavorers of the Sacramento district will hold a rally tonight at the Federated Church with the Rev. William Baird, of Modesto, as the speaker. Appropriate musical entertainment is provided and the meeting will close with light refreshments, to be served in the church parlors.

### Odd Fellows Sponsor Dance Wednesday

The first of a series of public dances to be given by Morning Star Lodge No. 20, I. O. O. F., will be held on Wednesday evening at the I. O. O. F. hall. Red's Rhythm Rascals have been engaged to play for the dance.

School Superintendent E. J. Fitzgerald will be at San Francisco next week attending the annual convention of school superintendents, which meets October 27, 28 and 29 at the Fairmont Hotel.

### RED CROSS WILL HAVE BOOTH AT FAIR TO OPEN ROLL CALL

The annual Red Cross roll call will start officially in El Dorado County, when workers will establish a booth at the county fair on November 5th.

This booth will be housed in a tent at the entrance to the main tent, and will also include a First Aid station for emergencies that may arise.

Roll Call chairmen are hopeful of securing sufficient enrollments at the fair to eliminate the individual canvases that has usually taken place.

The personnel of the first aid workers will include students who have recently completed their training under local instruction.

### Flood Pictures To Be Shown At Theater

"Behind the Flood Headlines," a dramatic, one-reel picture, will be an added attraction at the Empire Theatre on Saturday, Sunday and Monday, October 2, 24 and 25.

The picture tells graphically the story of rehabilitation work done by the Red Cross after the great Ohio flood last spring. It shows the various types of relief work carried on, ad how the money was spent, which was so generously subscribed in Placerville and all other parts of the country.

The picture is of particular interest at this time, because of the preparations now being made for the annual roll call of the Red Cross.

### District Scouters To Meet Tonight

Members of the executive committee of El Dorado County Boy Scouts have been called by the district chairman, Dr. Lester B. Rantz, to meet Tuesday evening at 7:00 o'clock at the study of the Rev. Harold Morehouse at the Federated Church. This will be the regular October business meeting.

Miss Margaret Scherrer was up from San Francisco to spend the week-end with her parents, Mr. and Mrs. John Scherrer.
